

Auro Pflanzenchemie AG
attn: Mr. Matthias Licht
Postfach 1238

38002 Braunschweig

AZ: H 7298 FM - Cert

22th July 2013

Hereby we certify, that the tested product

AURO Weißlack

fulfills, according to the test report H 7298 FM – 1 and H 7298 FM – 2 from 1st July 2013, the requirements of the committee of health-related evaluation of indoor construction products (AgBB, version June 2012) for the emissions of VOC and SVOC in a test chamber. The requirements have been significantly undercut at the test. The tested product can be assessed as low-emission.

According to the French VOC regulations, the product fulfills the requirements of the class A+.
